The Senators were blanked again by the The Senators were blanked again by the Quakers yesterday, which made it the second nest of goose eggs of the series between the two clubs. It was their fifth shut out since Manager Schmelz succeeded Scrappy Bill and the teuth game lost out of the cleven played following themetamorphosis. Bostonbrokeeven with Scrappy Bill and his (new) band by beating them 4 to 0 and Pittsburg put a block under Cleveland's wheel in a hard fought under Clevelaud's wheel in a hard fough under Cleveland's wheel in a hard fought battle, in which Hawley and "Cy" Young were the storm centers. Lowly Louisville licked Chicago and inserted a plug in Anson's Temple cup aspirations. It rained as Brooklyn, which stalled off Baltimore's chances to win and Cincinnati and St. Louis were not scheduled.

Conahan's a peach. In the line of mak ing himself heard he can give them all cards and spades and a beating.
While his judgment was not severely tested today, still what he had to do was done all right. He's a nice, accommo-dating lad, too. He runs around and picks up the catchers' masks for them, and with

teferential bow delivers himself, "Illusrious sir, allow me " He will get over that, though.

"Ad" Guebertpitchedgilt-edgedball. The

LAST CHANCE GONE. Farrell, however, filed to "Del" and the danger was averted. It looked, how-ever, rather dubious for Gumbert's con-

inued existence in the box. But it was only a false alarm, for the pitcher steadled down and was hit safely but twice more, once in the second and once in the ninth. He had excellent control of the ball, too. There was no sensational fielding behial like manner.

The career of German in the box was

short-fived. He lasted just two innings. Then young "Corney" Flyan was brought in, with McCauley to catch him. Both German and Flynn received very knock-kneed and generally flabbergasted support from their conferees. The score:

Cures People You Can See and Talk With Mr. G. W. Dove of Accotink, Fairfax County, Va., says: "I suffered for three months from lumbago, sciatic rheumatism and general debility. I suffered territic pain, and my energies were exhausted. I could not walk without a cane by crutch. I was induced to call on Dr. Watker through resading about the cure of one of my neighbors. He gave me immediate relief. In less than two weeks I was able to throw away my walking stick. The agonizing pain which had kept me awake for weeks had gene; my appetite returned; my circulation improved, and now I am well. To Dr. Watker I owe a debt of gratitude that I can never repay."

A WELL-KNOWN FIREMAN. Mr. H. E. A contractor, living at 27 E street north west, suffered for twenty five years from exzema of the whole body, complicated by severe indigestion and heldache. After four menths' treatment by Dr. Walker he says he is better than in ten years.

All these statements are but condensed samples of the many furnished Dr. Walker by enthusiastic patients. They bring new hope to thousands of weary sufferers, for they tell of Dr. Walker's upparalleled success in curing all nervous and chronic diseases—of restoring to perfect health and happiness the titums of catarri, asthma, consumption, dyspepsia, scrottle, paralysis, epilepsy, nervous prostration, rheumatism, mataria, neuralgia, hemorrhoids, diseases of women, boart disease, kidney and liver troubles, and many other aliments that barfie the average physician. It tells young and middle-aged men, who are suffering from the effects of their own youthful follies and excesses, that they may be restored to the full vigor and strength of perfect manhood.

the Boston grounds forget that the fences stop many a ball that would be a home run on good-sized grounds.—Boston Herald. Bureau Team Razzled Them in a Hot Game of Ball. The Bureau of Engraving and Priming defeated the Johy Fat Men in a game of no negotiations with the Wagner brothers to manage the Washington dipb, nor would be accept the position if it were offered him. defeated the Johy Fat Men in a game of bail yesterday afternoon by a score of 11 to 5. It goes without saying that the rooters of both teams were out in full force, and while the battle was being waged on the diamond the friends of the teams kept things lively with a cross fire of wit between the south and north sides of the stand which they occupied. Among the spectators were also a large number of ladies and they, too, frequently applauded their favorites. Baltimore and Cincimpal remain tied for first place. Raid prevented the game between the Champs and Brooklyn and Buck's Astonishing Braves were not sched-uled. The Louisvilles are said to have paid \$1,000 for Pickering and Dolan, their new men. They came from the same club as McGann the Lynchbergs of the Virginia

their favorites. While the Bureaus won the big fellows gave them a harder tussic than they ex-pected. At times their play was excellent. Scrappy Bill and his (new) hand was shat out yesterday. But the whitewash was 4 to 0 instead of 14 to 0, and, again, Scrappy Bill won two fout of the four games but at critical moments showed a sad lack of team work. Winkleman, of the Bu-reaus, as usual, was very effective, strik-ing out eleven of the Jolly Fat Men, during A well-known authorit v on baseball says the five innings be was in the box. He was it would be a good ber that if either Cin-cinnati, Cleveland or Chfeago are entered against Baltimore in the Temple cup series redeved by Bernard, who also did some good

the fat fellows, but was hit so hard in the first and third innings that he was relieved and Tubby Dickinson substituted in his place. Tubby, by the way, is not a pitcher, and with a ball in his hand is dangerous, for at times he is as wild as a Texa

lined it out to right field for a home run This was too much for Tubby's friends, one of whom told him to pick up his books

After the last New York series The Washington Times printed this query: "Has New York a contract to help Baltimore wint the pennant?" It seems as if Washington did the best it could in that direction without a contract. Baltimore and go home.

Again in the seventh inning McCauley hit aslow one toward first base. Dickinson caught the ball and Mack caught Dickinson and then after a friendly wrestling match Wagner's music is a cultivated one." Undoubtedly so, if reference is made to the music J. Earl Wagner has had to indulge and then after a friendly wrestling match on the base line, during which the ball was held on the runner the umpire called time and then Mack retired.

Both teams scored in the first, Fat Men 4: Bureaus, 3. In the seventh eleven of the Bureaus went to bat, seven of whom scored. They scored again in the eighth inning. After the first the Fat Men did not score again until the seventh.

Just observe how illogical are deductions in baseball. New York took three straights from the Brooklyns, the Oriotes heat the New Yorks three straights, but-well, the Brooklyns shut the Orioles out. In baseball it's not the case "If you can whip him I can, too, for I whipped you." not score again until the seventh, when one run was made, but after this they failed AB.R. H.PO.A. E. I am satisfied that with the ad-vantage of this season's team work we will be very much in evidence next year."

There has been quite an active demand for both within the past twenty-four hours. This has resulted in Ornament receding a fraction of a point in the quotations. In Rhodesia the Keenes certainly have a very smart filly, and one that will take a lot of beating.

On public form she has a royal chance to get some of the money. Challenger has one serious drawback. He is a had actor at the post, and an exceedingly slow beginner.

the post, and an exceedingly slow beginner.
If he gets off he will be heard from at some point of the race. OCTAGON HAS FRIENDS.

The rail birds have a sneaking regard for Octagon, the Blemton stables' slashing son of Rayon d'Or and Ortegal. Boder-

son of Rayon d'Or and Ortegal. Rodermond's boom seems to have burst. His
habit of swerving in his trials cost him
the allegiance of the early morning
watchers. Box, the Westerner, is not
regarded with high favor, and Ogden is
an unknown quantity.

A week ago the ninth Futurity looked
like a foregone conclusion for Ornament.
It now looks as if there would be a horsy
race. The two-year-olds so far this season,
with but few exceptions, have proved to
be a sorry lot of in and-outers, so if an unknown quantity captured tomorrow's great
race it will be in accordance with what is
now known as public form.

Harding an Easy Winner.
The match game of pool between Bernard Harding of this city and Sam Smith of Philadelphia, which was played yesterday afternoon in Georgetown, resulted in an easy victory for Harding. Smith started off as if he was going to make a runaway of the matter. Harding, however, was in fine form and playing steadily, soon caught his Quaker opponent and passed caught his Quaker opponent and passed him. He pocketed the fifteen balls at seven different times without a miss during the contest. His clever work won him rounds of applause from the crowd of interested spectators. The match was to have been played at Colonial Beach but Smith objected to the tables at that resort. The score was Harding 200, Smith 122. Harding was at all times the favorite in the betting.

Not in the Business.

Special Policeman O'Day, who was involved in a fracas with Pat Raedy, the pugilist, in a Fourteenth street resort several nights ago while attempting to eject Raedy from the premises as being disorderly, says that the fighting challenge issued in behalf of him was unauthorized and certainly without his consent.

Bearing Under the Treatemnt of Drs. McCoy and Cowden-Deafness Has Ceased to Be Incurable.

Only vindication of all that Doctor M. Coy aimed in his famous Monograph; only corphysicians in other cities, to whom was generously given the application of the New Treatment; only proof, strong as words of Holy Writ, that the whole nation has not been misled or deceived in giving its attention and tribute to the marcel that has rolled away the stone from the Tomb of Silence, is found in who were deaf and now hear. Not by scores and hundreds, but by thousands and tens thousands, it has grown, and will continue to grow, until the world will know that the Discovery cures Deafness-not in isolated and exceptional cases, but that the cure is as invariable as the law that governed the megical ompound even before the Great Physician inlocked it from its chemical prison.

John M. Clark, 917 26th st. nw. Last Sunday, for the first time in year I heard every wordspoken by Father O'Con and Pennsylvania avenue. From the same seat, before I took Dr. McCoy's treatment, I could not bear a word.

"I first noticed that I was getting very hard of hearing while waiting on customfor me to ask two or three times in order to understand what was wanted. This seriously interfered with my business. I also found that at bome I had to pay very careful attention in order to understand conversation. All sounds seemed dult and confusing. "I also had

Noises in My Ears that at times made it impossible for me to hear at all. They were like the ringing of bells, the buzzing of a sawmill, and es-

caping steam.
"I had read of the remarkable cures by Drs. McCoy and Cowden, and I went to them They have completely restored my hearing. I can hear conversation when carried on in ordinary tones as well as my one, and on the cars I hear every words that is said."

Thatail may have an adequate and correct idea of the McCoy trearment, the wonderful results of which are attracting the attention of the whole country. Doctors McCoy and Cowden have generously arranged for a limited time to give to all applicants on their first visit a Trial Treatment Free. This is purely for educational purposes. In a few years this treatment will be in general adoption by the profession, and it is the desire of its discoverers that it be seen and noted by as many people as possible in the offices of the National Practice, which Doctor McCoy has instituted in Washington, at 715 13th 85. nw.
